

Learn more about  
SAEMA Part 1  
Operator Training

SAEMA Training is a truly unique way of engaging, educating and examining those who are tasked the most dangerous of workplace activities – working at height.

## Learning with SAEMA is easy as 1, 2, 3...

To enable people to learn about how temporary and permanent access systems work and how to use them safely, we have created online resources that demonstrate activities in the most straightforward way possible.

Our resource centre is home to a range of visually appealing videos – packed full of industry-leading practice and inspiration to enhance the learning experience.

### 1 Watch the videos

You can either watch the video presentation in its entirety and take the whole test or you can watch a section at a time.

### 2 Take the test

Each section consists of five multiple choice questions which are based on the key learning points from the video presentation.

### 3 Receive your results

Once you have passed the test, we will auto generate and send you a certificate to confirm your accreditation (a copy can also be sent to your employer).

## Great value service for a leading online educational system.

The SAEMA online training system delivers excellent outcomes for individuals across the UK's permanent and temporary access industry at an affordable price point.

For just **£75.00 per person**, you gain access to our e-learning suite comprising 10 videos, complete the innovative multiple-choice test system, and receive a certificate of competence.
